## New Partners

### Core Capital Management S.A. welcomes 2 new partners

It is a great pleasure for us to announce that Carsten Bjerg-Petersen and Henrik Vestergaard have become shareholders in our firm Core Capital Management S.A. as of 1. October and at the same time promoted to Partners.

This is to ensure the long term goals to service our clients in the best possible and transparent way and also to show our new partners our appreciation for their dedication and achievements with us.

Core Capital Management S.A. is *here today and here tomorrow*. We have just celebrated our 15<sup>th</sup> anniversary and today we are one of Luxembourg's leading asset management and shared Family Office with no ties to any financial institution.

Our firm was founded in 2006 at the request of a highly successful entrepreneur, who was looking for a unique independent and highly personalized approach to help him manage his wealth.

Today Core Capital has grown and developed its business and now manages EUR 2 Billion in client assets. Core Capital's focus is in serving European high net worth clients and their families. At the heart of the business is a trusted relationship with each client, an investment strategy tailored to the lives that clients want to live and an experienced team of professionals.

Our advice is truly independent, our working methods are fully transparent and we always focus on a holistic view of each client or family's total wealth, risk appetite, investment objectives and long term goals.
